

*Business Purpose: To ensure cross-pollination of ideas and energy.*

## Join the dots Cross pollination

To grow, to inspire, to keep fresh ideas flowing, groups need new influences, new energy and different perspectives from outside the group.

Who would it be good to reach to keep your coaching hub or network open and receptive to ideas? To experience different approaches. To see different perspectives. To spark new ideas. To evolve your coaching culture.

Add names to faces.  
Join the dots.  
Who from your coaching hub will connect with whom?
